Computer Science

EXPERIENCE/EXPECTATIONS

Years of experience programming throughout high school and now college, working independently and with others through school to achieve certain goals. Expecting to graduate in 2023 with a bachelor's degree in computer science, I plan to pursue a career in the field specializing in something such as software engineering.

EDUCATION

SEPT 2019-MAY2021

ASSOCIATES DEGREE, BRISTOL COMMUNITY COLLEGE

Attained an associates degree in computer science from BCC in 2021, starting in 2019 and achieving a 3.8 GPA along the way through this school.

SEPTEMBER 2021-CURRENT

BACHELORS IN PROGRESS, BRIDGEWATER STATE UNIVERSITY

Currently enrolled in a bachelors degree program at Bridgewater State University with plans to graduate with my Bachelors degree in early 2023 to immediately pursue a career.

SKILLS

- Experience programming with programming languages such as Java, C++ and Python.
- Knowledge in webpage manufacturing and design
- Knowledge in creation and design using p5
